Dear Mother + Dad:

Well there is not much to report. Things are still pretty quiet, which is very nice for a change.

We received a Yank magazine with a picture on the cover of Mass being hauled in a barn. I was in the picture, someplace, however I couldn't find myself. I tried to get a copy of the picture to save but they were all grabbed. I think that I shall write to Yank and have them send me a copy. We also received another copy with pictures of the prison camp that I mentioned in a previous letter. I shall try and get a copy of that at the same time.

Well that is not much in the way of news but it is all I have. I guess that it will have to be all for now.

your loving son
J.B.

P.S. Received 2 of your packages today.
